NOTES

Modules not listed may be compatible but have not been tested

* NX keypads cannot program XR series panels, functions are limited to user operation. Mixing of XR & NX legacy codepads may have Sync Issues.

NX-15xx-HILLS (vertex) & NX-148-HILLS arming keymapping are as follows:
Exit = Away | On = Partial

For best compatibility, the following keypads are recommended:

Voicnav (206161, 206184) or Touchnav (206139)

** ITI Legacy devices are recommended to be paired directly to XR series panels.

*** User 2 must be programmed on the XR series panels with a user code for remotes to function. Only Area 1 can be controlled.

Reliance Panel	XR	XRpro
Total Zones Supported	24	176
Total Areas Supported	4	8
Total User PIN Codes (4 Digit)	40	256
Maximum Real-time Event History	1024	1024
IP Reporting/LAN	Onboard	Onboard
ITI Wireless Receiver	Onboard	Onboard
Web Programming	Onboard & Web Portal	Onboard & Web Portal

4G/WIFI DUAL SIM COMMUNICATIONS MODULE

NXX-4G-WFSIM-AU

- Connects XR series panels to back to base monitoring via Ultrasync Cloud. (Charges apply)
- Connects XR series panel to a Wi-Fi network.

NX-BUS
4 Core 14/020 Security Cable

XR LAN
RS485 Lan Cable

Wireless ITI Legacy

- 60-639-43-EUR* PIR Sensor
- 60-807-43-EUR* PIR Sensor
- 600-1057-43* Pet-Immune
- 60-659-43-EUR* Door window sensor
- 60-705-43-ENG* 4-Button Keyfob
- 60-707-43-EUR* 2-Button Keyfob
- 60-873-43-EUR* Glassbreak ShatterPRO
- 60-885-43-EUR* Shock detector
